

Harry Pedro Froze Feet No Food or Fire for Three Nights and Four Days

Harry Pedro is a patient in the Hazelton Hospital suffering from two frozen feet, the result of having spent three nights and four days in the open without food or fire. His condition is not too favorable. When first admitted on Friday evening he was cheerful and remained so until Monday morning when he began to suffer from shock—the reaction of his experience.

As yet it is impossible to say how seriously his feet were frozen or whether he will lose one or both feet or not lose either. It is known, however, he will lose some of his toes.

Harry left his cabin in the Kispiox early Tuesday morning last week to see if he could get a mouse as his meat supply was running low. He took only a couple of sandwiches with him, expecting to return in the evening. He had no matches as he uses a lighter for his smokes. He soon ran out of gasoline and in the wilds of the Kispiox woods there are not many filling stations.

Pedro struck off through the bush in the fresh snow and had made quite a long trip over hill and dale. He got nothing and decided to go home. Instead of retracing his steps he decided to take a short cut and save a lot of walking. Darkness came down and he could not locate his route. He wandered about and finally hit his old tracks. He then hit for the river and on Friday afternoon arrived at Mr. Hagglund's ranch in rather poor condition. Mr. Hagglund took him to the

hospital by car.

The first night out Harry froze his feet and from then on travelling was slow and painful. He was in thick bush and it so happened that during all the days he was out there was no sign of the sun by day nor stars by night so that he could not get his bearings.

The lack of a fire was the worst of his hardships as his feet were getting more painful and he was wet and fairly well chilled. His main diet, after the first days lunch on sandwiches, was the fruit of the wild rose. He consumed quite a quantity of these and while they temporarily satisfied his longing for a bowl of soup, they did not go far in keeping up his strength.

When Pedro did not return to his cabin word was sent to the provincial police. It was feared that he had met with an accident. Cons. Grant went to the Kispiox and got six men to volunteer to search the bush. The first two men soon found his tracks and followed him around. They arrived at Hagglund's after Pedro had left for the hospital. The next couple did not get in for twenty-four hours.

Pedro has lived in the Kispiox for years and has hunted through the bush many times. He says he was not lost as he knew that he would reach one of the settlers some time, but he could not get his bearings until he hit the river. But whether he was lost or not he will take matches with him next time he goes hunting and leave his lighter for use when he comes to town only.

Mrs. Larkworthy Died Last Week

From The Stratford Beacon-Herald of October 19

Another link with the early days of Stratford was severed this morning when Mrs. Mary L. Larkworthy, beloved resident of this city, passed peacefully away at her residence, 244 Ontario St., after an illness of two weeks duration. In the passing of Mrs. Larkworthy, who was in her 95th year, Stratford loses a citizen who had watched Stratford grow from a small town of frame buildings to the beautiful city it is today.

Death did not come unexpectedly to Mrs. Larkworthy, who, despite her advanced age, had been in fine health and was able to be up and around until taken ill two weeks ago. She passed quietly away at 10.30 this morning, with members of the family at her bedside.

Mrs. Larkworthy was born in Syracuse, N.Y., a daughter of the late Mr. and Mrs. Wm. Jordan. She moved to Stratford in 1864 as the bride of the late George Larkworthy, one of the pioneer merchants of Stratford, and who passed away in 1911. Mrs. Larkworthy had resided in Stratford since she moved here and had lived in the same house at 244 Ontario St. This beloved pioneer was possessed of sterling qualities which won her a host of friends and acquaintances who today mourn the loss of a sincere and esteemed friend. She was a worthy member of Knox Presbyterian church, and in her younger days had taken an active part in church life, being a member of the choir. Before the days of the Y. W. C. A. in Stratford, she had been active in the work of the Y. M. C. A. and for some time was secretary of the association.

It was on June 29 of this year that Mrs. Larkworthy marked her 94th birthday. At that time, in the best of health, she had greeted her many good friends. In her younger days she was a beloved member of the Rebekah Lodge of Stratford.

There are surviving two sons, George Larkworthy of Stratford and William J. Larkworthy of New Hazelton, B. C., both of whom were at their mother's bedside when she passed away. There are also two surviving grandsons, William and George of Stratford. One daughter, Florence, passed away in 1910.

The funeral will take place from the late residence on Saturday afternoon with interment being made in Avondale cemetery.

Dedication Ceremony at New Smithers Hospital Many Dignitaries Present

Smithers—Favored by bright, warm weather a large number of Smithers citizens were present at the new hospital last Sunday to witness the dedication of the corner stone by His Excellency Rt. Rev. Bishop Bunoz, D.D., O. M.I., in the presence of many church and civic dignitaries. The Smithers band was in attendance and opened the ceremonies with the selection "Sabbath Chimes" in addition to rendering other sacred and patriotic selections.

J. W. Turner, chairman of the Board of Bulkley Valley District Hospital, opened the proceedings with a brief speech in which he outlined the history of the Smithers hospital and the events leading up to the negotiations with the Sisters of St. Ann which resulted in this order taking over the institution and the future care of the town and tributary district. Mr. Turner then introduced Bishop Bunoz to the assembly.

In his dedication speech Bishop Bunoz paid a warm tribute to the Sisters of St. Ann who are this year celebrating the 75th anniversary of their arrival in British Columbia and Alaska—a diamond jubilee of toil and sacrifice. The new Bulkley Valley District hospital stood as another monument in the splendid record enjoyed by the Sisters, who had been accorded a great deal of help by the citizens of the community in their latest enterprise, culminating in the magnificent new hospital in Smithers which would be officially opened early in the new year. Bishop Bunoz praised the work of the citizens in conducting the old Smithers

hospital, stating that their help would be as greatly appreciated in carrying on the new institution. He praised the Ladies Auxiliary and the Benevolent and Protective Order of Elks for financial assistance which had greatly assisted in making the new building possible, stating that the hospital would be a haven for all afflicted persons, regardless of color, class or creed.

The Reverend Mother General of the Sisters of St. Ann placed documents, including a copy of the Smithers paper in a metal box for deposit under the corner stone. The stone was laid by Bishop Bunoz with a silver trowel donated by A. Sullivan of Vancouver.

Dr. R. B. Brummitt, on behalf of the B. P. O. E., presented the Mother General with a cheque for \$4,000, while Mrs. A. E. Campbell, acting for Hon. Randolph Bruce, tendered a cheque for \$100. The Mother General expressed the gratitude of the Sisters for the assistance received and for the welcome they had been accorded.

Among others present were Rev. Father Cozane, O.M.I., pastor at the Smithers church, Rev. Father Ocolia, pioneer Catholic missionary of British Columbia, Rev. Father Godfrey, O.M.I. of Smithers, Rev. Mother Provincial, Sister Mary Osithe, Sister Francis of Jesus, Sister Geraldine, members of the hospital board, Mr. Hargreaves, provincial architect, Archie Sullivan, contractor, Rev. Hales, representing the order of Elks, H. B. Campbell representing the provincial government Mayor S. J. Mayer of Smithers.

A THOUGHT ON DEBTS

Back in Ontario they get problems similar to ours. Let Mr. Frank Irwin, Editor, The Chronicle, Durham, give you his thoughts on cash, credits and debts:—

There are some people who try to emulate the old "bossy" that jumped over the moon when they receive a statement of an account they have contracted and failed to pay. They vow never again to deal in that particular place of business that dared to "insult" them with a bill.

Their humiliation over receiving an account may be genuine, but it is foolish in the extreme. As one writer puts it, it is an honor to receive a bill. A bill is an indication that some one has faith in your honesty, and faith that you will some day liquidate the debt. Had he not possessed that faith in your integrity you would never have received the goods without the cash.

We have heard a lot lately about the cash system being the only method for successful business. Why? Because too many people contract bills and make no effort to pay. Business with these people is a dead loss and anything but a pleasure. On the other hand, when you walk into a place of business, ask for credit and receive it, make up your mind this is an evidence of confidence and something you in turn should respect.

It is not the credit system that is wrong, but the abuse of it. So, dear reader, the next time you receive a bill don't fly off the handle. The man who gave it to you, or sent it to you trusted in your honesty, and perhaps needs what you owe him to pay somebody else who trusted him.

On account of the soft weather, the road work was closed down for a few days until the ground hardens up once more. The gravel trucks were doing more harm than good.

Dr. H. C. Winick held a political at Four Mile School Tuesday evening in the interests of E. T. Kenney, Liberal candidate.

MASQUERADE DANCE A SUCCESS

The masquerade dance given in Hazelton under the auspices of the W. A. to the H. H. last Friday night met with considerable success. There was a very good attendance and the ladies will have some money to add to their treasury after all expenses are paid. The prize winners were:—

Best woman's costume—Miss Moreham.
Best men's costume—Verne Hawkin.
Woman's comic costume—Olive Pipe.
Men's comic costume—Geo. Hall.
Children's costume, girl—David Curry; Boy, Norman Curry.

John Newick was the winner of the doll which was donated by Mrs. H. C. Winick and drawn for that night.

FARM LABOR AND WAGES

The average wages paid to farm helpers in Canada for the year 1932 again showed a considerable decrease as compared with the previous year. The cost of farm labor reached its highest point in 1929. In the next two years there was a rapid drop so that the average of yearly wages, including board for male help, in 1922 was nearly 28 per cent less than in 1920. From 1923 to 1929 no very wide fluctuation occurred. In 1930, 1931 and 1932 continuous marked reductions were registered in the average value of yearly wages and board, following the downward trend of the prices of farm produce.

AIR SPACE FOR FOWLS

Chickens breathe a pint of air per minute, or 1.2 cubic feet per hour. It is calculated that each bird requires at least 40 cubic feet of air per hour to obviate the deleterious effect of carbon dioxide in the breathed air. The air requirements of a medium fowl weighing about four and a half pounds is much the same as that of a larger bird weighing 7 pounds.

DANCE AT PACIFIC

The first of the monthly dances arranged for the winter by the Pacific Racketeers was held in Nel's hall on Friday night, October 27th when an enjoyable time was spent until the morning hours. Pacific Racketeers are a small group of amateur musicians who, with the assistance of the local ladies, are putting on these dances to give pleasure to those in the district who can enjoy a dance, with a good floor, music and eats. The musicians give their services free, but a small charge is made to cover incidental expenses. The dances will be held on Friday nights when those from outside can come by wayfreight and return by the same on Saturday.

TOMLINSON'S HOUSE BURNED

Last Tuesday morning the home of Mr. and Mrs. Tomlinson at Cedarvale was burned to the ground and practically all the contents were lost. The fire was discovered about 11.30 in the morning and the flames enveloped the building with such speed that there was no time to save anything but a few pieces of furniture. The cause of the fire is not yet known nor the extent of the loss.

Col. R. L. Gale In a big Storm Mouth Skeena

Col. Reginald Leek Gale, returning officer for Skeena riding has an idea that winter elections are not all that they are cracked up to be. In addition to the territory in the Skeena and Bulkley Valleys he had to make a trip to points along the coast, going as far as Swanson Bay and intermediate points of Butehead, Kitimat, Claxton and Port Essington. His first round was made by coastal vessel and police boat. The Billmor, Capt. Donaldson, was used and proved very serviceable. However, on the return trip it was the plan to land at Haysport where the returning officer would be in time for the Monday train. Off the mouth of the Skeena a heavy storm was encountered, and in the process of bucking the big waves the boat was shaken up so much that the entire fore-castle was wrecked. The galley stove tore loose from its fastenings, the cooking utensils performed a merry dance during which they visited all parts of the cabin, while the entire outfit of breakables were broken. On reaching Haysport the water was so rough that in spite of two attempts it was impossible to get near the wharf. The Billmor put back to Port Essington and all on board were thankful to get there. But Col. Gale had certain duties to perform or the election in Skeena would not be held. He could hardly afford to put in two days at Essington with only politicians as companions, as much as he liked the men personally. It was, however only a two days delay and by rearranging his plans the returning officer was able to make the grade, but he hopes that next time the election is held during the summer when a fellow has a chance to enjoy the outing as well as perform the very necessary work.

Revision of Egg Grades

Important amendments whereby further protection is afforded to both producers and consumers, have been made in the egg regulations by Order-in-council. The new grades consist of A-1, A B and C in place of specials, extras, firsts and seconds. The words new-laid may be applied only to grade A-1 and the word fresh, or any other equivalent of that word, to grades A-1 and A.

Grades A-1 and A are divided respectively into three classes, large, medium and pullet and all eggs possessing the quality of grade A may be sold in that grade irrespective of size, but the eggs of different sizes must be packed separately, with the size indicated on the container. As grade A-1 is a superior grade, the packing of eggs of this grade may be done only by producers authorized by the Dominion Department of Agriculture. Storage eggs are not permitted to be sold in a higher grade than B.

B grade consists of reasonably clean eggs, sound in shell and eggs weighing less than the rate of 22 ozs. to the dozen shall not be graded in B. There are two classes, large (24 ozs. and medium (22ozs.).

C grade consists of all eggs below A and B grades but which are fit for human consumption.

A recognized deficiency in the previous grades was that only large eggs of the best quality could be sold in the top grade. Thus both eggs of mediocre quality and good quality small eggs were sold in the same grade. The consumer was unable to distinguish between such eggs, and the producer received a lower price for the small eggs of good quality than they merited. Under present revision quality is the main factor in determining grade, with eggs of different sizes within the grade to be divided into large, medium and pullet.

Agricultural Development of Central B. C.

Dr. R. C. Bamford, Independent Candidate for Skeena Riding, Submits his Platform to the Electors

1 INDEPENDENT AND NON-PARTY

Will support only those principles of honest government, in the best interests of all the people, rather than the tyrannical rule of the PARTY MACHINE as proposed by Mr. Pattullo and his supporters.

I am free to support the man for Premier who will implement the above policy, and support my principles of Non-Party Government.

2 UNEMPLOYMENT

I consider this the greatest problem in Canada today, and will urge that a common sense policy be adopted at once to give the unemployed the opportunity of working at profitable labor. I am absolutely opposed to the dole in a country like British Columbia where opportunities abound and need only a sane policy to create successful and happy homes.

Those unable to work due to disability must be taken care of by direct relief until such time as they will come under the Unemployment Insurance Plan.

3 CONTRIBUTORY UNEMPLOYMENT Insurance

I will support its adoption in B. C. From past experiences we know that unemployment to some extent will always exist and provision must be made by unemployment insurance to prevent those who are willing to work, from suffering through no fault of their own.

4 FAIR WAGES and BETTER Standard of Living

I will endeavor to secure co-operation between employer and employee, so that a more equitable wage and shorter hours can be made effective. I believe this to be a safer and saner method of securing a better standard of living for the workers than by the Socialistic methods proposed by the C.C.F. party.

5 ECONOMY

The Government must make every effort to balance its budgets and continue to keep its expenditures below its revenue.

6 TAX ARREARS AND MORTGAGES

Individual cases should be thoroughly investigated and where found necessary principal payments and interest should be deferred.

7 REDUCTION OF MOTOR LICENSES

I strongly favor a reduction, especially in Central B. C., where owners do not get as much use from their cars as those who live in Southern B. C., and have the use of the roads the year round.

8 HEALTH INSURANCE

I strongly favor health insurance and would recommend the immediate adoption of maternity benefits for mothers, and travelling clinics for the children, especially in the districts so far from hospitals and railways.

9 ORDERLY MARKETING

I favor every effort to secure for B. C. orderly marketing so that farmers will receive a fairer price for their products.

10 BANKING

I favor the reduction of interest rates and more assistance extended to industrial and agricultural pursuits.

11 HIGHWAY COMMISSION

The Highway Commission will prove of great value providing it is not dominated by men from the Southern part of the Province. I will fight for representation from the north on this board. I strongly favor building the highways by contract, provided of course that local labor is used. I believe that this is the only system that will get results for the money expended.

12 LAND SETTLEMENT

I firmly believe this to be the most important plank in my platform, as far as this riding is concerned. I would absolutely abolish the old system of pre-emption and substitute a sound and up-to-date land settlement policy, which I believe would cure the unemployment in Central B. C., giving those in our midst the opportunity to secure homes and become useful settlers. I would insist that Central B. C. be given, for the first time in its history, a chance, that the Southern parts of B. C. have already had, to the tune of many millions, of showing that we can make Central B. C. a farming district equal to any in the Province.

Space will not permit me to illustrate fully my ideas on this matter, so I will explain my scheme fully on the election platform, during my campaign.

13 PUBLIC WORKS

In this part of the province public works naturally suggest building roads. I favor a sane policy of road building, as far as we can do, within our means, especially those roads which will always produce business for each community throughout the year and prove feeders for the railways, which are urgently in need of revenue.

14 INDUSTRIAL DEVELOPMENT

I will insist on an investigation into the reason why pulp mills on the coast cannot entertain the use of (raw) pulp produced from the vast spruce areas in Central B. C. by small mills, thus giving much employment during the winter months.

15 FREIGHT RATES

As this is probably one of the greatest factors in hampering the development of Central B. C., I will endeavor to place before the railways a scheme of sliding scales of freight rates, so that when farm prices are down, the farmer will be able to compete in the markets, and the railways will, by increased tonnage, make up for any reduction in freight rates.

16 EDUCATION

I do not believe in forcing teachers salaries down below a fair remuneration for their services, this will not tend to have our teachers adopt teaching as their life work, whereby we would be deprived of the best teachers who seek a more profitable occupation. I will favor a complete re-organization of the high school course of study, so that children will be educated in the subjects that prove of most value in the particular line suited to them.

17 MINING

Everything possible must be done to assist the mining industry.

This platform is not connected in any way with a recognized party, but it is formulated by myself from the experience that I have gained during my fourteen years of residence in Central B. C. I favor a continuance of sound Democratic Government, rather than the radical changes proposed in the C. C. F. platform.

THE LATE W. J. BOWSER

British Columbia lost, with the passing of W. J. Bowser one of her foremost citizens, one who had taken a leading part in government for more than 40 years, and during that time he did great work, and lasting work; who made a host of friends and admirers in all parts of the province, and about an equal number of political enemies, but not many personal enemies. He was a man who loved his province of British Columbia and who loved to do good work for British Columbia. He was an able man, an able lawyer and an able executive. Some eight or nine years ago he retired to private life, and was content to so live the rest of his days. But he listened to his political friends and very much against his will and better judgment, he re-entered the old political life. He put up a great campaign while it lasted, but he could not stand up under the load, and like practically all champions who have tried to come back after retirement, he was unable to do so. His death is mourned throughout the entire province. His loss is a heavy one. Even in private life he might have rendered a great service to the province in an advisory capacity. But he is gone and British Columbia is the loser.

The political campaign has about closed so far as Skeena riding is concerned. We did not intend to refer to the campaign this week at all, but at his meeting in New Hazelton and again in Hazelton last Thursday evening we understand that Mr. Kenney went out of his way to say some very nasty things about the editor of the Omineca Herald. Had Mr. Kenney confined his remarks to the Omineca Herald he would have been quite within bounds, but he is young in the political game, and allowed himself to say things that he did not believe himself and could not make his audience believe. As a matter of fact he lost considerable ground. The editor of the Omineca Herald has been in the district too long for a political candidate to injure, during a political campaign. As for the Omineca Herald Mr. Kenney may go the limit. That is part of the game.

The final count of the votes to be cast tomorrow and on the 27th of the month in Vancouver Centre and in Victoria, will not be known until the New Year. The public will, however, have a very good idea after tomorrow's polling. Vancouver papers predict a mixture which should be highly satisfactory to Vancouver papers, especially if another election is necessary before a working organization can be secured.

In the last mail or two several letters have been received for publication dealing with campaign matters. As the election will be practically over before many subscribers receive the paper, the letters are withheld. Had any of them been received last week we would have been glad to publish them. But when the campaign is over our policy has always been to forget it and throw our support to whatever government is selected by the voters.

The first agricultural process to be carried out in Canada was the raising of a crop of grain at Port Royal, Nova Scotia, in 1605, and the first corresponding manufacturing process was the grinding of corn in the fall of that year.

Now the heat of the election battle is over the normal life of the community will commence once more. For the past few weeks all the spare energy of the district seems to have gone into hearing and advancing political arguments to the detriment of the social life of the community. With the slate cleared of these distractions the way is open to speak nicely one to another.

Terrace News

Local farmers are still waiting anxiously for the snow to clear off the land to enable them to salvage part of the crop that was still in the ground when the cold spell came.

A. Aaserude, Lakelse Valley farmer, slipped last Wednesday in the soft snow while carrying a log. He has been laid up ever since having injured some of the muscles of his chest.

Dr. Stanley G. Mills returned home from Prince Rupert Monday night and he is feeling a good deal better and is again able to look after the medical needs of the community.

(14-18)

DELAYED BY BIG SNOW STORM

The big snow storm caught a number of Rosswood people and caused a delay in their plans. Ed. France, J. Couture, Alf. Egan and Miss Allard came down from the lower end of Kalum Lake on Tuesday and found two feet of snow, making it impossible to get through to town with the truck. On Wednesday morning an effort was made from Rosswood to secure the services of the public works snow plow, but it was not ready for operations, and the local roads needed plowing badly, it was not possible to send the plow out. The party returned to Rosswood and on Friday John Lips, with a team and sleigh left town, reaching the lake late that night. The next morning everyone started out with the team breaking trail, and reached town that afternoon. Alf. Egan is deputy returning officer for that district and he was wondering how he would manage to get his ballot box and supplies out in time, but where there is a will there is a way and Alf. had the will.

Wedding Bells

Moorehouse-Kirkpatrick

Contributed

Knox United Church, Terrace, B.C., was the scene of a lovely autumn wedding on Thursday, October 19 at 3 o'clock, when Mildred Grace, only daughter of Mr. and Mrs. W. A. Kirkpatrick, and Norman, second son of Mr. and Mrs. W. J. Moorehouse of Prince Rupert were united in marriage by Rev. W. R. Welch. The bride entered the church on the arm of her father to the strains of Longfellow's Wedding March rendered by Mrs. A. Young who presided at the organ.

For her marriage Miss Kirkpatrick chose a gown of ivory satin and silk lace, and wore a veil of silk net and wreath of orange blossoms. The bride carried a bouquet of sweetpeas, roses and maidenhair fern. The church was beautiful with decorations of autumn foliage and pink and white sweetpeas; the decorating being done by members of the Ladies Guild of the church.

The ceremony took place under an arch of sweet alyssum, autumn foliage and pink sweetpeas.

During the signing of the register Mesdames A. Munro and H. L. McKenney sang "Oh, Perfect Love."

Following the ceremony a reception was held at the home of the bride's parents on Kalum Street. The reception room was beautiful with a profusion of autumn foliage, carnations and pink white sweetpeas. The bride's table was covered with a cloth of hand made lace, centred with the wedding cake and banked with white tulips. Misses Dorothy Frank and Margaret McLaren acted as waitresses. During the reception Rev. W. R. Welch proposed the toast "The Bride" and this was happily responded to by the bridegroom.

The bride for her going away ensemble chose brown silk crepe trimmed with white, and a brown broadcloth coat with trimmings of marmink, with accessories to match. The happy couple left on the evening train for their home in Prince Rupert amidst a shower of good wishes, confetti and rice.

Fred Nash returned to town recently after doing some work at the Columbo near Usk. He ran the lines for the tram line.

The C. G. I. T. of Knox church held a social evening on Saturday and during the affair the girls put on some of their work.

Charles Giggy, sr., is making good progress with his new house across the river.

SATURDAY BASKET BALL

The first basketball game of the season was played last Saturday night. The first girls game between the Intermediates was a close score. The second girls game was between the Red Terriers and the Mikes resulted in a score of 10 to 8 in favor of the Mikes.

The mens' game between the high school and the town team was won by the town, Johnston doing excellent floor work and Micheal checking well on guard. For the high school S. McLeod showed up well. The game was fast. The score was made as follows:

High school—S. McLeod 10, L. Thomas 4, Fred Nash 0, L. McKenney 0, W. McLeod 6.

Town—D. Nelson 6, W. McConnell 2, L. Johnston 10, J. Begmore 2, F. Green 2, C. Michiel 4.

Total 20 to 26.

Local growers are beginning to feel the advantages of the new marketing system recently inaugurated. A short time ago a local grower was in Prince Rupert and at that time the best offer he could get for cabbage was 90 c per 100 pounds. He was down to the coast again last week and through the marketing agent of the new organization secured \$2.50 per 100 pounds for the cabbages. Evidently it pays to organize, but it also pays to advertise. It was the free advertising given to interior produce by the press of the country which brought that local grower \$2.50 instead of 90c. The press has played fair with the growers now it is to the growers to keep the advertising going.

The C. N. R. have a ditcher outfit working between Terrace and Shames. After the serious tie ups and damage of last winter every effort is being made to ensure a steady operation between here and the coast for the coming months. Terrace people are hearing a goodly number of blasts and a lot of rock that seems likely to come down is being removed in an orderly manner.

Car Chains Cross Chains

Be ready for the slippery roads. Avoid accidents by getting good chain equipment.

E. T. KENNEY, LTD.

The car may be inspected and tried out by applying to C. H. Sawle, New Hazelton. Prices and terms on application.

S. E. Parker Limited FORD DEALER Prince Rupert, B. C.

The melting snow together with the rain of the past few days has removed the worried looks worn by the village commissioners. Once more the water supply is ample for all purposes.

Why send out of town for your printing needs. Do city job printers help build up Terrace? The Terrace News can supply all your needs. See Will Robinson. Or, he will call on you.

Government Agent Norman A. Watt of Prince Rupert arrived Friday night and intended to remain until Tuesday, but on Sunday he received a wire telling of the serious condition of Mrs. Watt and recalling him to the coast.

On Monday the local roads around town were bare again. The plow had pushed most of the snow to the sides and the steady thaw had done the rest.

Co-operation Eases Situation

How the Canadian Pacific Railway Company as a large property owner allowed its tenants to catch up on their arrears of rent and also earn some much needed cash is told by J. F. Hendry, Toronto, real estate agent there for the Company.

"The Canadian Pacific," said Mr. Hendry, "is owner of eighty six dwelling houses on Marlborough Avenue paralleling the tracks near North Toronto station. Many of tenants were in arrears on their rents despite

every possible effort on their part to make ends meet. The majority, too, were tenants of long standing. We had a mutual get-together and decided that the unemployed tenants would paint all the eighty six houses under the supervision of one of their own number as foreman. The Company supplied all the material, insured the men under the Workmen's Compensation Act, and the work was started. The results are most gratifying for all concerned.

The unemployed tenants have seen their arrears of rent gradually erased from the ledger, and the property has been made spick and span at a reasonable cost because there was no idling on the job and everyone worked their hardest. In fact the scheme went along so smoothly that it was decided that all the labour would not be credited on the rent ledger but that each man would draw a percentage in cash to help keep his family and himself going.

Hudson's Bay Company.

Doings Around Home

Of interest to you and your friends

Assistant Commissioner of the B. C. Provincial Police, T. W. S. Parsons, formerly at Prince George, a short time at Hazelton, and now of Vancouver and Victoria, was a visitor to the district last week.

Field Supervisor Berner of the Soldier Re-establishment Board, paid an official visit to New Hazelton last week.

Robt. Hunter stopped off at Hazelton last week for a day or two enroute from Burns Lake to Prince Rupert. While there he participated in the baptism of his youthful daughter, Mary Cordoner Hunter, and then took Mrs. Hunter and his daughter on to Prince Rupert with him.

Mr. and Mrs. Chas. Schultzik have moved to Shames where Mr. Schultzik will serve as section foreman.

The export of butter from the Irish Free State is unlawful, except under license of the Minister of Agriculture.

Eggs of the sugar cane froghopper (the sugar cane pest) were so numerous in the soil in Trinidad that several soil samples could not be examined to completion.

The first co-operative store was opened in Stellarton, N.S., in 1861.

Spraying farm weeds with sulphuric acid originated in France in 1911.

The factory system began to exist in Canada in the 60's and 70's of the last century.

Owing to the death of W. J. Bowser the election in Vancouver Centre and in Victoria have been postponed by the returning officers of those districts, in accordance with the election act. A new candidate will be chosen in each riding to fill the vacancy, and the election will be held on November 27th. The other elections will proceed as scheduled.

Mrs. F. M. Dockrill of Telkwa, who has been a patient in the Hazelton hospital for some time, has so far recovered her health as to be able to leave for her home last Saturday. Her host of friends in the interior will be glad to learn of her recovery.

Service will be held in the New Hazelton church next Sunday evening at 7.30 o'clock, and in Hazelton the service will be in the morning at 11 o'clock.

Practically all the snow which fell last week and had disappeared before the end of the week and the rain and mild weather has not helped transportation any.

Gasoline used for agricultural purposes in Trinidad, British West Indies is free of tax.

Sgt. Major Watson of the R. C. M. P. paid an official visit to the local detachment last week and then pro-

ceeded to Prince Rupert and down the coast to headquarters in Vancouver.

Mrs. Walton Sharpe leaves Thursday afternoon for a trip to Vancouver and Victoria, the first trip out for eighteen years. She will attend, as a delegate from the local hospital, the convention of the B. C. Hospital Association.

On Thursday afternoon of last week at the home of Mr. and Mrs. Ed. Sweet Rev. S. V. H. Redman baptized the infant daughter of Mr. and Mrs. Robt. Hunter (Mary Cordiner). The christening bowl used for the ceremony was the same bowl used for the baptism of the child's mother. After the ceremony, dainty refreshments were served by Mrs. Sweet.

Mr. and Mrs. S. Mullinson, who were recently married at New Westminster returned from their honeymoon trip on Saturday afternoon last and have taken up their residence in the house formerly occupied by Mr. and Mrs. T. B. Campbell.

To celebrate the coming into power of Mussolini eleven years ago, 800 couples were married in Rome on Monday last in one great ceremony.

There is now a gold war being waged between the United States, Great Britain and France.

Hon. R. B. Bennett proved a success as mediator between the unions and the railway heads. The men have accepted a cut of five per cent and no strike.

ANNUAL GOLF CLUB DANCE

On Friday night, November 10th in the Venetian Rooms in Hazelton the Hazelton Golf Club will hold their annual dance to which the public is invited. Chappel's Orchestra will furnish the music and refreshments will be served. Admission will be 50c and you are assured of a good time.

FIGHTING DISEASE IN DOGS AND FOXES

Disease on fox and mink ranches have caused heavy losses recent years. Researches by the Dominion Research Institute of the Dominion Department of Agriculture at Hull, P.Q., have established the fact that the principal disease among the animals is caused by filterable virus which has some of the characteristics of canine distemper virus. Arctic sledge dogs are effected with an apparently similar disease, which is also included in the institute's investigations. Virus strains obtained from fox and mink ranches are under study together with canine distemper viruses. For this purpose a large number of compound-bred animals particularly foxes, dogs and fitch, or ferrets, are required, and these are bred and raised at the institute. Extensive experiments and trials are in progress with the object of developing vaccine and serums for protective treatment and immunization.
